

Program Schedule -- Workshop on "AI-Enabled Next-Generation UAV Communications"										
Day / Sessions	8.30 - 9.00	9.00 - 9.30	9.30 - 10.30	10.30 - 11.30	11.30 - 12.30	Break	2-3	3-4	4-5	5-5.30
			1	2	3		4	5	6	
03/10/26 - Saturday	---	Inaugural Session	Prof. Pradip Kr Das, IIT Guwahati TOPIC: Drone Eco System	Dr. Ayon Chakraborty, IIT Madras TOPIC: Scaling Aerial Network Deployments	Dr. Ayan Mondal, IIT Indore TOPIC: Towards Democratizing Edge AI Paradigm for IoT-Enabled UAV Platform		Dr. Syam Narayanan S, TiHAN IIT Hyderabad TOPIC: Urban Air Mobility Solution and Traffic Management	Dr. Pranay Saha, IIT Dhanbad TOPIC: UAVs at the Edge: Optimization and AI for Aerial Computing	--	--
04/10/26 - Sunday	---	---	Dr. Karan Verma, NIT Delhi TOPIC: Data Security and Privacy-Preserving Federated Learning (with Hands-on)	Dr. Nikhil Tripathi, IIT Dhanbad TOPIC: Red-Teaming Next-Generation UAV Networks: From Protocol Flaws to AI Exploitation	Dr. Arijit Roy, IIT Patna TOPIC: Enabling Trustworthy UAV Virtualization for IoT		---	---	Dr. Indra Deep Mastan (IIT BHU) TOPIC: Generative Vision for Cotton Image Analysis	--
05/10/26 - Monday	Dr. Abhijit Das, IIT Hyderabad TOPIC: Interconnects for Next-Generation Computing Systems		Dr. Debasis Das, IIT Jodhpur TOPIC: AloT-Enabled Autonomous Driving Systems Hands-on Session: Python-Based Implementation of AI Models for Societal Applications		Dr. Ashish Tiwari, Dolby Laboratories TOPIC: Shadow-Guided 3D Understanding: An Art Inspired Perspective		Prof. Sandip Chakraborty, IIT Kharagpur TOPIC: Generating 3D Perceptions from UAV-mounted Radars in Zero-vision environments Hands-on Session: 3D PCD Generation from mmWave Radars		Dr. Moumita Patra IIT Guwahati TOPIC: Resource Management in Next-Generation UAV Networks	Valedictory
